WHO WE ARE

Built for International Agricultural Trade

RIXS MYANMAR COMPANY LIMITED is a Myanmar agricultural commodity trading and export company. We source, prepare and supply pulses, rice, maize, sesame and selected agricultural products for international markets.

Our team coordinates procurement, inspection, processing, packing, documentation and logistics around each buyer's agreed product and shipment requirements. This integrated approach supports clear communication, dependable execution and long-term trading relationships.

OUR PURPOSE

Connecting Myanmar agricultural supply with global demand through disciplined trade execution.

ESTABLISHED FOUNDATIONS

From Rixs Group to Rixs Myanmar

An entrepreneurial platform built through international sourcing, disciplined execution and long-term commercial relationships.

OUR STORY

Rixs Group's entrepreneurial journey began in March 2013 with automobile trading and related services in Myanmar. The business developed practical expertise in international sourcing, supplier coordination, cross-border payments, documentation, logistics and customer service.

Over the following years, the Group expanded its commercial experience across selected business sectors. This foundation provided the operational knowledge, financial discipline and international relationships required to enter large-scale commodity trading.

Building on this experience, Rixs Myanmar developed as the Group's specialized agricultural commodity trading and export company, connecting Myanmar-origin products with regional and international markets.

RIXS GROUP

Business Interests

- 01 **Agricultural commodities & international trading**
